McKinneyDoor.com

We have a large selection of security hardware and services to keep your students, faculty and school premises safe. Here are just a few examples of what we can provide.

MECHANICAL LOCKS

ELECTRONIC LOCKS

LOCKDOWN SOLUTIONS

With Falcon and Schlage levers, you can*:

- Count on grade 1 durability to withstand high-traffic and heavy abuse
- Re-key and retrofit easily
- Accept any manufacturer's cylinder
- Remove cylinder easily
- Offer accessibility by exceeding ADA and state disability requirements
- Enjoy a solid product at a solid price

*Capabilities depend on lock you choose.

With a Schlage AD series lock, you can*:

- Secure doors without wires
- Track usage with audit trail
- Access lock via keypad, master key, proximity card/fob and even your smart mobile devices
- Update user access rights easily
- Upgrade to networked solution if needed
- Enable centralized lockdown in less than 10 seconds

*Capabilities depend on model and options you choose.

With the Best 9KX, you can:

- Depend on grade 1 durability and secure wireless network
- Lock down doors via fob
- Transition from standard function to storeroom function with lockdown command to keep unwanted visitors out
- Alert users it's in lockdown mode with visual and audio alarms
- Adapt to your building and security protocol with full configuration
